

Changes to Suburban Hospital 2020

Campus Enhancement Project (Based on input from Montgomery County Park and Planning)

LEGEND

- A) Widening of McKinley St. between Old Georgetown Rd. and Grant St.
- B) Elimination of the surface parking lot along Grant St., to be replaced with a larger green buffer; reduction of 70 surface parking spaces.
- C) Modification of gardens and pathways to maintain more trees and better accommodate cyclists.
- D) Restriction on Southwick St. access point, limiting the entrance to west-bound traffic and only to staff.
- E) Alternative design of the parking garage which, if approved, will reduce its height and eliminate the need for a variance.
- F) Widening of the existing median/pedestrian refuge within Old Georgetown Rd.
